WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center IP1a (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A military training area is located approximately 12 kilometers (km) northwest of the town of Iolotan (Figure 1).

The training area includes a flat-trajectory/subcaliber firing range, a tank/assault gun firing range, and 2 bivouac areas (both of which have an undetermined number of tent platforms),

approximately 14 support buildings, and 7 range-support buildings (Figure 2).

decreased significantly; however, earth scarring indicates that there is still limited activity.

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

Iolotan is served by a single-track rail line which branches off from the main line in Mary.

Road Service

The training area is served by a dirt road that branches from an improved secondary road between Iolotan and Mary.

Aircraft Landing Strip

The nearest supported facility is the Mary civil airfield, approximately 45 km northwest of the installation.

Administration and Troop Housing Area

Area D contains an undetermined number of tent platforms.

Other Buildings

There are a few small support sheds scattered throughout the training area.

Tank/Assault-Gun Firing Ranges

Area N is a 3,500-foot tank/assault gun firing range with 4 targets. Three targets are located approximately 2,000 feet from the firing points and the other is approximately 3,500 feet from the forward firing points. There are 9 support buildings and 5 range support buildings.

Flat-Trajectory Firing Ranges

Area P is a 300- to 600-foot flat-trajectory firing range with 10 moving targets -- 3 of them possibly used for subcaliber weapons firing, 2 range support buildings at the forward firing points, and 5 other support buildings. There was no activity on the range on photography of [REDACTED]
